

DEPILATION-THERMOLYSIS

DT-Dx 07

DEPILATION-THERMOLYSIS

A professional portable unit with full function digital display, timer display, digital Display.

Helps in treatment of removing unwanted hair permanently without pain.

Electric Depilation/Thermolysis is easier and more effective

It guarantees definitive hair removal via thermo-coagulation. Its easy handling and effective results make it the basic unit for electric Depilation/Thermolysis.

Mode of Action And Treatments

Treatment is based on the application of a high-frequency current through a tweezer, thereby causing thermal destruction (Thermo-coagulation) of the hair root. To cater for all requirements, the versatile DT-Dx 07 enables you to regulate the output power via Rotary Knob.

TECHNICAL SPECIFICATION

Product Name	:	DEPILATION/THERMOLYSIS
Model No.	:	<i>DT-Dx 07</i>
Physical Characteristics	:	<i>Weight : 2.3 Kg.</i> <i>Height : 5.5"</i> <i>Width : 10.5"</i> <i>Depth : 7.5"</i>
Complies With	:	<i>IEC601-1 Classification</i>
Safety Class	:	<i>I</i>
Type	:	
Operating Temperature	:	<i>10° - 50°</i>
Storage Temperature	:	<i>-10° - 70°</i>

DEPILATION

<i>Voltage</i>	:	<i>A/C 220-Volt 50 Hz.</i>
<i>Absorbed Power</i>	:	<i>60 VA</i>
<i>Max. RF Output Power</i>	:	<i>3-Watt</i>
<i>Frequency</i>	:	<i>13.5 Mhz.</i>

THERMOLYSIS

<i>Voltage</i>	:	<i>A/C 220-Volt 50 Hz.</i>
<i>Absorbed Power</i>	:	<i>60 VA</i>
<i>Max. RF Output Power</i>	:	<i>3-Watt</i>
<i>Frequency</i>	:	<i>13.5 Mhz.</i>

Read instructions before use.
